

REMARKS

Claims 1-8 were pending in the parent application and were rejected. New claims 9-11 are added.

In consideration and response to the outstanding Office Action dated 3/11/2003 regarding the parent application, Applicant amends the above claim to overcome the rejections. Applicant believes that the present claims are patentably distinguishable over the cited art and all rejections and objections are overcome.

Applicant, having amended the Claims, and having distinguished the present invention over the cited art of record, Applicant respectfully requests reconsideration and allowance of the present application. The Examiner is invited to call the Applicant's undersigned attorney should he feel that such a call would further the prosecution of the present application.

Respectfully submitted,  
R. Edward Winters
